American History and Founders Month

November 2019

As our great nation has developed and grown into the cultural melting pot it is today, we have been bound by a uniquely American heritage full of rich traditions, values, and history.

American History and Founders Month helps keep this heritage alive through educational publications, programs, historic tours, and scholarships that inform the public about American history, law, political sciences, and other fields important to our development.

By learning about and connecting with our past, those participating in these events help our state and nation build a stronger future.

First Lady Cecilia Abbott joins me in wishing you the best.

In testimony whereof, I have signed my name and caused the Seal of the State of Texas to be affixed at the City of Austin, this the 13th day of November, 2019.

Greg Abbott
Governor of Texas
